

Founded in 1984, Dive Rite is a pioneer in the SCUBA diving equipment industry. Some of Dive Rite's very first products include the first wing solely dedicated for doubles and the first commercially available back plate. Over the years, Dive Rite's product line has continued to grow including: the TransPac, various Wings, Lights, Reels, Nomad Sidemount, the O2ptima CCR, and so much more. Dive Rite also provides an entire range of equipment with the sport diver in mind, such as the Advanced Open Water regulator set and the Hydro Lite BCD. Brand new to diving or a 20 year veteran, Dive Rite has you covered.

TRANSPAC SET Superior comfort, Maximum Adjustability, Unlimited Versatility and Customization

TRANSPLATE SET

SUPERFABRIC

- Antimicrobial
- Flame Resistance
- Durability
- Abrasion Resistance
- Stain Resistance
- Breathability
- Quick Drying
- Slash Resistance
- Easy Cleaning

ALL XT WING USE SuperFabric

Dive Rite uses SuperFabric® materials to cover buoyancy compensators and provide both abrasion resistance and slash resistance from sharp rock and coral during dives. SuperFabric® materials are used to cover the air bladder of the compensator. A slash in the bladder can lead to serious safety concerns for the diver.

XT Fins Sizing Chart

Fin Size	Men's US Size	Women's US Size
Small	Up to 6	Up to 7
Medium	7 - 9	8 - 10
Large	10 - 12	11 - 13
X-Large	13 and Up	14 and Up

Note: Sizing is based off of normal wet suit boots. For oversized drysuit boots ("rock boots") we recommend going up one size.

The XT Fin has a new POM swivel buckle that allows for easier donning and adjustment.
